

Graceville station accessibility upgrade

Project update – December 2016

The Graceville station accessibility upgrade is part of Queensland Rail's \$212 million station upgrade program and is expected to be completed by late-2017, weather and construction conditions permitting.

Project progress

The following construction activities were recently undertaken:

- Platform raising works on platforms 3 and 4
- Ongoing lift shaft construction works
- Installation of steel structures on platforms 3 and 4
- Installation of conduits on platforms 3 and 4.

Upcoming work

In the coming weeks, customers and the community can expect to see the following construction activities:

- Further lift shaft construction works including excavations and concreting
- Awning refurbishment works
- Resurfacing on platforms 3 and 4.

Night and weekend works

Night works will occur at the station, Sunday to Thursday, between 6.30pm and 6.30am the next morning on:

- 4-8 December
- 11-15 December
- 18-22 December.

Christmas shutdown

Thank you to the community for your cooperation during these important works. Queensland Rail wishes you all a very happy and safe Christmas and New Year.

The Graceville accessibility upgrade project will be closed from Friday 23 December, returning Tuesday 3 January. No project upgrade works will take place during this time.

Construction impacts

Customers, residents and businesses adjacent to Graceville station may experience the following:

- noise associated with heavy machinery
- use of reversing beepers
- changed traffic and parking conditions
- mobile lighting towers for night works
- increased vehicle movements near works
- temporary changes to access paths throughout the station precinct.

Pedestrians and motorists are advised to follow all directional signage during this time.

Residents and other stakeholders will be given advance notification of construction activities likely to cause impacts, including after-hours work (nights and Sundays, as required).

Keeping you informed
