DISTRICT SPORT 2018.

Representative School Sport

Following a review and consultation process held with schools during 2016/2017, Metropolitan West School Sport announced in early 2017 that five new equal sized (on enrolment numbers) 10-19 years Districts would replace the previous district structure. The representative pathway for students to attend Metropolitan West School Sport Regional Trials will change from the start of 2018 with the introduction of the new five districts. Current representative sporting districts will cease at the end of the 2017 school year. The restructure will enable the best possible outcomes to be achieved for ALL students across our representative school sport program. The new 2018 district that Graceville State School belongs to is the Eastern Taipans District. Schools that belong to this district have been listed in the table below.

The formation of these districts will have some impact at a school level. The size of the districts has obviously increased significantly. This will therefore restrict the number of children that we may send to our district trials. It is improbable that we can continue to send 6-10 children to district trials. We may now be restricted to possibly only sending our best 1-2 children to a district trial. Who those best 2 children are is a decision that will now be made at a school level.
