Enrol now for
2020!

"Staverton Kindy is just beautiful. The educators are the heart of the kindy and it is a truly wonderful place for little ones to learn and grow, make new friendships and explore their world. The outdoor area is fantastic, with a vegetable patch, water playground and big leafy trees. Perfect setting for little ones to build confidence and learn. The focus is play based learning and prep readiness- which is all done in a fun and relevant way. My children have all flourished at Staverton." Mary
