

Robotics Course AVAILABLE TERM 2, 2022!!

The Lollipop Man (William), who is gentle and warm-hearted helping GSS children cross the road, has organized a team to participate in FLL competition last week. Among the 36 participating teams, his team (upper primary) successfully achieved a good result...4th place!!

Now, recruiting children who love robot programming, William will LEAD them to strive for the FLL this year.

There are 3 groups of robotics programs, **fundamental** (Wed), **fundamental/intermediate** (Thurs), and **intermediate/python** (Sun – FLL) levels:

- 8 to 10 students per group
- robots and lego kits are provided
- one hour per lesson each week
- 10 lessons, Term 2, 2022
- \$23/session for each student
- 3-4pm (Wed, Thurs) Library

Please contact Elizabeth for enrolment:
